Joel Kunze

Senior Software Engineer

Phone: 512-616-1100 ext. 116

email: kjunze@ibanktech.net

Joel Kunze has been the Senior Software Engineer with Integrated Bank Technology since March of 2004. In this roll, Mr. Kunze oversees the development team and works with various vendor interfaces. Joel has over eleven years of development expertise, with the last nine years specializing in the financial services industry.

Before coming on board with IBT, Mr. Kunze worked in San Antonio, TX as a Software Engineer for NCR. In this capacity, Joel was the lead developer of NCR's "ImageMark N Compass Archive" product. Prior to NCR, Joel was a software engineer for the United States Military.
